Notebooks are becoming lighter and thinner, yet increasingly versatile. Thanks to its extra sleek head, the DICOTA Security Lock Ultra Slim protects your device without adding unnecessary bulk. The integrated rubber bumper adapts to all standard lock slots and lets you secure notebooks, projectors, printers and monitors effectively. The coated steel-cable with a diameter of 4.4 mm and a length of 2 m as well as the rotatable and tiltable lock head let you flexibly design your workplace. The functional velcro strap makes it easy to roll-up the cable for compact transportation and storage. Two keys are included in the scope of delivery. This lock is a standalone version and cannot be integrated into a superordinate lock system.
